

Construction Alert: Week of December 6, 2021

Construction continues throughout the project area, please travel with caution.

Project Update

AVENUE 66 BRIDGE: Barrier rail and fencing work continue on both sides of the bridge.

ELECTRICAL: Work continues throughout the project area. New traffic signals poles are up at Avenue 66 and Dale Kiler Road; at Avenue 66 and Lincoln Road; and at Avenue 66 and Grapefruit Road. Crews are working on the electrical boxes at these intersections and traffic signals will be activated early next year.

CONCRETE PLACEMENT: Crews continue to place concrete throughout the project and are currently working on both eastern and western approaches to the Avenue 66 bridge. Sidewalk, curb and gutter work is finished at Avenue 66 and Dale Kiler Road.

ROADWORK: Paving operations are planned in the next weeks for the new Avenue 66 Bypass Road that connects the new bridge with Avenue 66 and Dale Kiler Road.

Crews installed safety guardrail on the southbound side of Hammond Road

Crews installing the new traffic signal at the new Dale Kiler Road and Avenue 66 Bypass Road intersection. The sidewalk, curb and gutter is complete with paving coming soon. The new road will open early next year.
